

# DC Ensemble Contract

We are so excited that you are considering learning an ensemble for our upcoming year! This extra routine is a great way for your dancer to receive one on one instruction with the teacher as well as build confidence in their technique and dance ability. In order for us to stay organized, we have ***specific procedures that need to be followed***. We ask that you read through this packet thoroughly and please make yourself knowledgeable with the process. Ensembles are a big commitment that we expect our dancers and parents to take it seriously. Although ensembles are fun and exciting, ***team and tryout dances always take priority above ensembles***. We expect our dancers to work just as hard in their team and tryout dances as they would with their Solo, Duet, or Trio. That being said, we expect our ensembles to practice their routine and work on corrections outside of their required privates.

- To register for an ensemble, you will sign up at the front desk under the instructor you would like. Each teacher takes a set amount of dancers. Sign-ups are a first come, first serve basis.
- First year Company/Prep members are not eligible to register for an ensemble.
- Dancers are eligible to register for only ONE ensemble (solo, duet or trio) until all of our ensemble dancers have registered. If there are available slots left, dancers are allowed to register for a second ensemble.
- Once you have registered at the front desk, your ensemble instructor will contact you to set up the three choreography sessions. All routines must be learned between June 1st-August 15th.
- Before your choreography sessions, send your instructor 2-4 song options for your routine. From there, you and the instructor will narrow it down to one. She will cut the music and have it ready for you at the first private.
